

Students should encode a message in Morse Code.

International Morse Code

1. The length of a dot is one unit.
2. A dash is three units.
3. The space between parts of the same letter is one unit.
4. The space between letters is three units.
5. The space between words is seven units.

Swap with another person's message and decode.

Listen to a sample of Morse Code and translate it to written form.

A	• —	U	• • —
